About DEVELOPMENT AND PEACE

www.devp.org

The Canadian Catholic Organization for Development and Peace (DEVELOPMENT AND PEACE) is the official international development organization of the Catholic Church in Canada and the Canadian member of Caritas Internationalis. Since 1967, DEVELOPMENT AND PEACE has supported 15,200 local initiatives in fields such as agriculture, education, community action as well as the consolidation of peace and advocacy for human rights in 70 countries.

DEVELOPMENT AND PEACE supports partners in the Global South who promote alternatives to unfair social, political and economic structures. We also educate the Canadian population about the causes of poverty and mobilize Canadians towards actions for change. In the struggle for human dignity, the organization forms alliances with northern and southern groups working for social change.

As the Canadian member of Caritas Internationalis we also provide emergency aid and relief services to countries affected by wars, famines, and environmental disasters such as Syria, Ethiopia, Haiti and the Philippines.

We are a democratic movement: We depend on the commitment of thousands of Canadians determined to support the poor in their struggle for justice in the Global South. We draw our strength from thousands of members in Canada, many of whom are teachers.

Catholic Schools Program www.devp.org/schools

As a partner in catholic education, DEVELOPMENT AND PEACE launched its Catholic Schools Program in 2010, building on the decades of dedicated work by DEVELOPMENT AND PEACE members who are educators. The program creates opportunities for both students and teachers to:

• SEE global social problems through solidarity trips in developing countries
• JUDGE the root causes of these problems by engaging with our pedagogical resources grounded in the principles of Catholic Social Teaching, and
• ACT in solidarity with our partners in the Global South to right injustices by participating in our annual Education & Action, and Share Lent campaigns.
